### Data protection

By submitting an online reservation or by filling in the hotel check-in form, you consent to your personal data being processed in accordance with this Privacy Policy for the purpose of fulfilling your requested services.

We undertake the obligation to keep the personal data of persons using our services as well as those who use our on-line reservation system are confidential and take responsibility for ensuring that we fully comply with the applicable data protection laws at all times. In all respects, we comply with the provisions of the Data Protection Act, such as Act CXII of 2011 on the right of informational self-determination, and on freedom of information ("Info Act") and other applicable regulations. The concepts of personal data are provided by Info. Act. We apply it in accordance with the provisions of the Law.

We reserve the right to modify the information provided in this Privacy Statement without prior notice according to any modifications in the relevant legal provisions or in the case law. Any version of the "Data Protection Information" or Privacy Policy will always be considered valid on [www.bonvital.hu](http://www.bonvital.hu).

The personal data collected and recorded in connection with the use of the on-line booking system and the services provided by Bonvital Management Kft. are managed by Bonvital Management Kft. Data management was registered in the Data Protection Register maintained by the National Data Protection and Information Freedom Authority under the NAIH-number.

Your personal information will be handled for online bookings and for market research and advertising purposes, especially for the purpose of sending you as a voluntary subscriber promotional and informational electronic mail.

We only handle personal data based on the consent of the person concerned or for the purpose of fulfilling our legal obligations. Your personal data will only be used by Bonvital Management Kft. in accordance with the data management consent given by you, within the framework of it and in accordance with the provisions of applicable law. Data management is adequate for this purpose in all paragraphs.

Any personal information that you voluntarily provide or that we handle according to the applicable laws will be recorded, handled and processed to complete the services you have requested. Please provide only the information that is required to complete these services.

In this respect, we are committed to fully comply with the following privacy policy:

- Collect and treat personal data fairly and legally.
- Personal data is collected for specific, legitimate purposes and not used for purposes other than these.
- The way the data is handled and stored is suitable for the person concerned to only be identified for the duration of the data handling.
- We only handle data that is strictly necessary for data management purposes. The data we manage is accurate, complete, and, if necessary, actual.
- The storage of data does not take longer than is necessary to achieve the intended purpose.
- During data management, the rights of the persons concerned laid down by the Info. Act and other relevant regulations are completely secured.
- We provide technical and organizational measures and establish procedural rules that are necessary to prevent unauthorized or illegal use of personal data, data loss, data corruption or data destruction.

By providing a data management consent, you consent to the management, storage, and processing of your personal information as described above.
